

Northeast Nanoparticle Characterization Users' Meeting

April 25, 2018 • Hilton Boston/Woburn Hotel •

Woburn, MA

Agenda

| | |
|----------|---|
| 8:30 AM | Breakfast & Registration |
| 9:00 AM | Welcome & Meeting Overview, Introductions |
| 9:30 AM | Wyatt Presentation: Dr. John Champagne <i>Nanoparticle Characterization: The Light Scattering Biophysical Toolbox</i> |
| 10:15 AM | Coffee Break and Poster Viewing |
| 10:30 AM | Wyatt Presentation: Dr. John Champagne <i>Field Flow Fractionation: A Platform for Isolation, Identification, Quantitation, and Biophysical Characterization</i> |
| 11:15 AM | Recorded Presentation: Dr. Philip Wyatt <i>Light Scattering and Nanoparticles: A Fascinating History with New Developments</i> |
| 12:00 PM | Luncheon Buffet and Poster Viewing |
| 1:00 PM | Wyatt Presentation: Kyle Rogers <i>What's New in Wyatt Customer Support</i> |
| 1:30 PM | Guest Speaker: Julia Deuel, Bluebird Bio <i>Biophysical Characterization of a Complex Product: Lentiviral Vector</i> |
| 2:30 PM | Guest Speaker: Damian Houde, Codiak Biosciences <i>Characterization of Extracellular Vesicles by Light Scattering Techniques</i> |
| 3:30 PM | Guest Speaker: Haiying Zhang, Weill Cornell Medical College <i>Identification of a Novel Nanoparticle Population and Distinct Subsets of Exosomes by AF4</i> |
| 4:30 PM | Conclusion: User Feedback & Evaluation forms |
